

Hudson Wis

Aug 27th - 1969

Dearest grandson & granddaughter - Steve & Karen
it has been too long since I got your
little letter & card. I will never forget
the little words you wrote, I thank you
so very-very much. I do hope you are
both feeling well & Mama & Papa too.
I am getting along real good, Grandma
went up to Polen's our neighbors to
get sweet corn to can, I would have
went but it seems to hurt too much
to ride in the truck. Tommy & Ron are
back too school now. Mr Polen is coming
after dinner and get feed for the cows
and I will go to the Dr. at Hudson.
Ron sure has a lot to do now he milks
in the morning before he goes to school
and Mama & Tom & I get the cows in at
nite cause he dont get home till 6-6:30
Tom is getting along good and Grandma too.
I sit and look at the picture of you
that have given me a lot of pleasure and
passer the time. You may have to guess
at some of the words, I write so little
any time that it is hard to write.
Over

We are sure looking to see you all
next spring

It is awful dry here now & dont
think we will get much corn
But Ron + the Crew got the barn
full to the roof. I cant get up
there to see it, I sure wish I could
Maybe mother will finish out

God Bless ya all.

Grandpa

Good morning,

The boys just left for school and mother
is still busy earning the corn
it is a nice day but hot & dry
I was to the Dr. yesterday my illness
is a bit but I caught the flu and have
awful pains in my stomach.

I wish you could be here now as
I am clearing in the front rooms I have
saw more memory pictures than I
ever saw in my life, it is very
interesting when you cant get out.

Hi Everyone

I think grandpa told you all
the news. I am going canned corn today

I have enough frozen. it will be about 12 qts. and some nice cucumbers from Florence Poler so you can have some pickles when you folks come home. He sent a cow ~~is to be slaughtered~~ at Amery so we should have the meat back this week end.

He put the add in the paper about the house.

I better get busy & get my corn canned before get too hot it will be 90 to day.

Thanks lot for Tom birthday present he will write when he gets time.

Love from
all.

P.S It keeps me going.
